

YOUR BUSINESS AND COVID-19

March 19, 2020 CORONAVIRUS IMPACT REPORT WORKSHEET

Businesses are feeling the wrath of the coronavirus pandemic more than ever. People are leaving their houses less, while social distancing is being practiced more.

During this hard-hitting time, the [Mississippi Emergency Management Agency \(MEMA\)](#) is urging small business owners to fill out and submit a coronavirus impact report.

“We are collecting this information so that Mississippi may request an Economic Injury Declaration from the Small Business Administration to aid in the economic loss suffered as a result of the COVID-19 event,” MEMA said in a statement.
